This route allows for walking and cycling safely. The corner at Church Road/Latchmere lane is a difficult and dangerous crossing with a few young children.

\* Kingston Council and the government are trying to encourage walking and discourage use of cars. Closing this gate puts about an extra mile on my journey to classes in the church hall (St Andrews) so I will definitely have to use my car if the gate remains closed.

Also Ham Common is a site of special scientific interest and easy and regular access is important to me.

I have to walk everyday  but preferably not along main roads which are heavily polluted with constant traffic. With the gate closed I have to walk about an extra  $\frac{3}{4}$  mile to get to Richmond Park most of this on pavement and on a main road.

There are sure to be other people who have always used this route to walk or cycle from Tudor Drive (and elsewhere on the Tudor Estate) to Richmond Park, St Andrews Church and Ham Common, but who do not know where to address their complaints that this is no longer possible.

At a time when we are all being encouraged to walk and cycle more, in the interests of individual health and the environment, it seems strange to force people to drive to use local facilities such as classes in the church hall and Richmond Park!!

St. Andrew's Church Ham Common, (Church Road) is in the Diocese of Southwark and sub-diocese of Kingston - so information etc. has to cross from Ham and Ham Common into Kingston. Also the WEA classes and Ham Ash Group, Ham Amenities Group, Ham and Petersham Association, all have close links, members, etc, with both Richmond and Kingston - and for us who have helped distribute information, asked for charities, etc, etc, we would have to resort back along Church Road and backmen lane, walking in the road as there are no footpaths along the roads, and that extra distance eastwards along Tudor Drive before turning west to our close neighbours and people interested.

The parish of St Andrews Church, Harrow extends on both sides of the proposed ~~closure~~ closure so delivery of *crafts* would be much impeded by the proposed closure

The alternative route in the event of closure is via Church Road + Hatchmere Lane, the former has no footpath + is dangerous for pedestrians on the bend where sighting distance is short.

WE USE THIS WAY A GREAT DEAL  
TO WALK TO CHURCH, FOR FAMILY WALKS  
ON THE COMMON OR THE PARK,  
ALSO CYCLING + RUNNING IN THE  
PARK. IT ALSO FORMS PART OF  
MY ROUTE WHEN I CYCLE TO  
WORK. LOCKING THE DOOR IS  
A GREAT INCONVENIENCE TO OUR FAMILY.
