## ABOUT THIS PUBLICATION

Fairtrade offers producers in developing countries a fair price for their products. Producers also receive an additional Fairtrade premium to invest in projects that improve the social welfare and living standards within their community.

This directory has been compiled by Richmond Fairtrade Group. Those listed are committed to Fairtrade and stock a comprehensive range of Fairtrade certified products. Furthermore, you will find that Fairtrade products need not necessarily always cost more than their non-Fairtrade equivalents.

## WINDOW STICKERS

As a Fairtrade Borough, window stickers are awarded to local outlets committed to Fairtrade. This means:

**RETAIL OUTLETS** (shops, supermarkets, newsagents, petrol stations)  
At least four Fairtrade product ranges are stocked.

**CATERING OUTLETS** (cafés, restaurants, pubs) At least two Fairtrade products (including one beverage) are served.
