## 1. Introduction

This Monitoring Report is one of several publications which assess the effectiveness of planning policies in the borough. Such reports will be published in a phased approach on the Council's website.

This report monitors all gains and losses of floorspace of 10 square metres or more within completed developments with a social infrastructure element. A summary of each group of uses with the largest gains and losses is provided, together with a series of appendices which have details of individual planning permissions and the change in floorspace that resulted from each development.

## 2. Data sources

The data used in this report comes from the Council's decisions analysis monitoring system and data includes planning applications with a social infrastructure element which were completed between 1<sup>st</sup> April 2016 and 31<sup>st</sup> March 2023.

Existing and Proposed floorspace figures are presented in square metres (sqm), with the resulting net gain or loss. These include change of use from one use class to another, extensions, and redevelopment schemes. Internal floorspace figures are presented using Gross External Area (GEA) unless otherwise stated as Gross Internal Area (GIA\*). Where planning permission is granted for a flexible use of 2 or more uses, the proposed floorspace area is divided equally between the uses. Temporary change of use permissions are excluded unless they are for more than 5 years, or where subsequent permissions continued the change for further temporary periods beyond 5 years.

## 3. Use Classes

This report monitors all gains and losses of floorspace that include the use classes in Table 1 below. Any ancillary space to the main use is included that use class. In some cases, a proposed use class for part of a development may differ from the predominant use of the site, but for the purposes of this report it will also be considered to be ancillary to the main use.

The current Planning Use Classes were last updated on 1<sup>st</sup> September 2020 (Town and Country Planning (Use Classes) (Amendment) (England) Regulations 2020)<sup>1</sup>. To make data comparable throughout the reporting period, the Use Classes in applications received after 1<sup>st</sup> September 2020 were matched to the previous use classes.

The adopted Local Plan provides advice on what constitutes social infrastructure:

*“Some examples of social and community infrastructure include public services, GP surgeries, nurseries, community centres, public halls, arts and cultural facilities, policing, fire and ambulance services, youth centres, social clubs, indoor sport and recreation facilities, libraries, laundrettes, places of worship, and public houses. ***This is not an exhaustive list***, and the Council will determine whether any facility or service is considered to be a social infrastructure or community use.”*

**Table 1: Use Classes**

Use Class Code	Description
A4 / SG (p)	Drinking establishment (Pubs)
D1 / F1 (general)	Non-residential institutions / Learning and non-residential
D1A / F1(a)	Education
D1B / E(f)	Crèche or nursery
D1C / D1F / E(e)	GP Surgery / Clinic, health centre, Dentist
D1D / F1(c)	Museum, art gallery, public hall etc.
D1E / F1(f)	Place of worship, church hall
D1Z	D1 no further category
D1H	Vet
D2 / SG(t)(u)(v)(x) / E(d), F2(c), F2(d) part.	Assembly and leisure
D2A / SG(t) / SG(u)	Cinema, concert hall
D2B	Dance centre, gym
D2C / SG(v)	Indoor leisure including bingo, night club
D2D	Outdoor sport & leisure
D2E / ED	Indoor sport (sports hall etc
D2Z	D2 no further category
SUIC	Amusement centre
SUID	Launderette
SUIL	Fire or ambulance station
SUIN	Cemetery, crematorium
SUIU	Hostel

#### **4. Adopted Local Plan Policy LP 28 – Social and Community Infrastructure**

Local Plan Policy LP 28 – Social and Community Infrastructure states that loss of social or community infrastructure will be resisted. Proposals involving the loss of such infrastructure will need to demonstrate clearly; that there is no longer an identified community need for the facilities or they no longer meet the needs of users and cannot be adapted; or that the existing facilities are being adequately re-provided in a different way or elsewhere in a convenient alternative location accessible to the current community it supports, or that there are sufficient suitable alternative facilities in the locality; and the potential of re-using or redeveloping the existing site for the same or an alternative social infrastructure use for which there is a local need has been fully assessed. Details are provided of marketing requirements both within the policy and in Appendix 5.

The Local Plan is currently being reviewed. The emerging policy (Policy 49 of the Publication Plan (Regulation 19) retains much of the adopted policy including the aim of resisting the loss of social infrastructure. The minimum marketing period is reduced from 2 years to 18 months and a new criterion allows for a change of use to wholly affordable housing without the need to explore and market for alternative social infrastructure use.

Development pressures and high land values in the borough mean there is pressure to redevelop sites and it can be difficult to find new sites for community use, especially for use by voluntary groups. Consequently, the potential of re-using, refurbishing, or redeveloping existing sites for continued social or community infrastructure use must be assessed in order to preserve a sufficient range and amount of such infrastructure across the borough.

## 5. Summary

Over the seven years between 2016/17 to 2022/23 there was an overall gain of over 54,000sqm in social or community infrastructure floorspace. 2017/18 saw the largest net increase with over 18,000sqm and 2019/20 saw the smallest increase of around 600sqm.

**Table 2: Gain and Loss of social or community infrastructure floorspace (sqm)**

Financial year	Floorspace existing	Floorspace proposed	Total
2016-17	8,197	15,389	7,192
2017-18	19,862	37,911	18,049
2018-19	1,975	17,620	15,645
2019-20	17,246	17,840	594
2020-21	4,712	6,462	1,750
2021-22	7,398	16,886	9,488
2022-23	3,055	4,722	1,667
<b>Total</b>	<b>62,445</b>	<b>116,830</b>	<b>54,385</b>

The greatest increases were in educational floorspace with a net gain of over 49,000sqm floorspace. This was as a result of several large-scale school expansion projects in the period. Other large gains were in dance centre and gym uses (+ 5,650sqm) and outdoor sport & leisure uses (+3,750sqm). The largest loss of 6,600sqm was in general D1 uses, the majority of which was at two sites. Over 3,000 sqm at Richmond Magistrates Court (17/3528/FUL) and around 2,500 sqm at St Michaels Convent, Ham (16/3552/FUL). Drinking establishment and indoor sport/fitness/leisure also saw losses of around 1,200sqm each.

**Table 3: Net Change of Floorspace by use 2016 – 2023**

Use	Net sqm	Percentage
Education	49,285	91%
Dance centre, gym	5,655	10%
Outdoor sport & leisure	3,739	7%
Creche or nursery	3,133	6%
Clinic, health centre	2,254	4%
D2 (general)	296	1%
Hospital, nursing home	41	0%
Museum, art gallery, public hall etc	-215	0%
Place of worship, church hall	-234	0%
Launderette	-528	-1%
Indoor sport/fitness/leisure	-1,142	-2%
Drinking establishment	-1,272	-2%
D1 (general)	-6,627	-12%
<b>Total</b>	<b>54,385</b>	<b>100%</b>

**Figure 1: Floorspace gains by Use 2016 – 2023**

**Figure 2: Floorspace losses by Use 2016 – 2023**

## **6. Education**

Developments for Educational uses were completed from 49 Planning permissions over the period on 43 sites with a net gain of 49,285sqm.

42 developments resulted in a gain of floorspace. A new college and schools at the Richmond Upon Thames College site and a new school at Hospital Bridge Road (Turing House School) resulted in an overall gain of over 21,500 sqm. Redevelopment of the St Richard Reynolds Catholic College in Twickenham resulted in a net gain of 6,400sqm. A new school of 2,600sqm was also created at the former Ryde House, East Twickenham. Redevelopment at The German School in Petersham resulted in a gain of over 900sqm.

7 developments resulted in a loss of floorspace. The largest of these were at a former Territorial Army training centre at Stanley Road, Twickenham which was converted to a martial arts and fitness centre, and a former religious school at Kingston Road, Teddington which had changed use to a House in Multiple Occupation.

## **7. Dance centre, gym**

Dance centres and gym developments resulted in a net gain of 5,655sqm with the largest developments resulting from change of use to gyms. Heath Road in Twickenham, and Upper Richmond Road West, East Sheen saw completions of over 1,000sqm each, and High Street, Hampton Hill had a development of over 600sqm of gym use floorspace. The former Territorial Army training centre at Stanley Road was converted to a martial arts and fitness centre of 770sqm.

## **8. Outdoor sport & leisure**

Outdoor sport and leisure developments saw a net gain of 3,739sqm, with a gain of over 11,000sqm at an extension to provide additional floorspace for the provision of hospitality at Twickenham Rugby Football Union Stadium. There was a loss of 13,500sqm at the new College at the Richmond Upon Thames College site, as well as a gain of around 3,300sqm at the new school at the same site. Teddington Cricket Club's new pavilion also led to a gain of around 200sqm.

## **9. Creche or nursery**

Creche and nursery school developments had a net gain of 3,133sqm over the 7-year period. Change of use of offices to nurseries at Waldegrave Road, Teddington and at Sheen Road, Richmond each saw an increase of over 500sqm. A change of use from a Pre-Preparatory School to Registered Nursery School at Hampton Road, Twickenham resulted in a gain of 440sqm, and an extension to a nursery at Twickenham Methodist Church resulted in a gain of 400sqm.

## **10. Clinic, health centre**

Clinic and health centre uses saw a net gain of 2,254sqm, including a new Health Centre of 900sqm at the former Inland Revenue site in Kew, and an extension at the Primary Care Centre at Priory Road, Hampton which resulted in 250sqm of additional floorspace. Other sites with an increase of over 200sqm resulted from a change of use from Offices to Orthodontic Practice at Sheen Road, Richmond (260sqm) and change of use to a health and beauty clinic at 53 George Street, Richmond (235sqm). Losses included change of use at parts of the Dairy Crest development at Orchard Road,

Richmond which was originally permitted with a doctor's surgery, but was subsequently proven to be not needed for its intended medical use.

### **11. Indoor sport/fitness/leisure**

Developments at 5 sites of Indoor sport and leisure uses resulted in a net loss of 1,142sqm. However, the majority of this floorspace was lost with the conversion of a snooker hall at Heath Road, Twickenham into another Social Infrastructure use - a gym of 1,078sqm. A gain of 176sqm resulted from the change of use of a former bakery at Queens Road, Twickenham to a baby swim centre.

### **12. Drinking establishments**

There was a net loss of 1,272sqm of Drinking establishment floorspace over the period, with the change of use of 4 Public houses. The Old Anchor, 71 Richmond Road, Twickenham; The Idle Hour, Railway Side, Barnes; The Kings Arms, Albion Road, Twickenham were converted to residential uses and The Royal Oak, Ham was converted to a community use/social club.

### **13. Other social infrastructure**

There was a net loss of 6,627sqm of other D1 general uses between 2016 and 2023. The change of use of the former Magistrates Court, Parkshot, Richmond (3,266sqm) and the former police station at Sovereign Gate, Kew Road, Richmond (1,290sqm) to offices were some of the largest developments. The conversion of the former St Michaels Convent, Ham into 23 residential retirement units also saw a loss of 2,577sqm of D1 use floorspace.

### **14. Essential Shops and Services**

The provision of local shops and services which meet the essential needs of communities within easy walking distance has long been a goal of local planning policies and is critical to delivering the aim of "living locally" in the emerging Richmond Local Plan. How we shop has been changing with an increased use of the internet. However, some services, including some social infrastructure uses, cannot be delivered online - requiring an in-person visit and therefore access to them remains important.

The following tables show the availability of essential shops and services in borough centres in 2022. Further information on service provision is presented in the Assessment of Borough Centres 2023 available on the Council's website<sup>2</sup>.

Notes:

Essential services are defined as:

- Hairdresser & barber and other businesses delivering in-person health and beauty services such as nail salons, beauty, and tanning salons.
  - Bank/building society (not stand-alone ATMs not part of a bank/building society)
  - Launderettes and dry cleaners
  - Other services which are not usually delivered on-line which require an in-person visit including for example, a funeral director, tailor, shoe repairer, MOT centre, car & tyre servicing.
- 
- May include premises just outside of centre boundary.
  - Includes premises which are a combination of uses.

### 15. Take away monitoring

The following two applications involved change of use to a takeaway and are relevant to the monitoring of Local Plan policy LP 30 Part B2.

Planning Reference	Address	Proposal	Notes
18/3206/FUL	72 High Street Whitton Twickenham TW2 7LR	Change of use from a bank (Class A2) to a hot food takeaway (Class A5). Installation of extraction/ventilation equipment and replacement shopfront.	<b>Permission refused 1 February 2019. Allowed on appeal October 2019.</b> In relation to the new takeaway - it is located within 400 metres of the boundaries of St Edmund’s Catholic Primary School and Nelson Primary School. Public Health raised no objection subject to a condition restricting over the counter sales to school children and lunch time and after school. Refusal not related to LP 30.
19/2623/FUL	106 High Street Whitton Twickenham TW2 7LN	Change of use of vacant ground floor premises from retail (Use Class A1) to a hot food takeaway (Use Class A5), incorporating new shopfront and awning on front elevation and 2 x air conditioning units and plant/extract system to rear.	Marketing evidence sufficient to support a departure from LP 26 for loss of retail. Distance to St Edmund’s Catholic Primary School and Nelson Primary School exceeds 400 metres.

Planning Reference	Change	Proposal summary	Completion Date	Address	Existing Land Use Code	Existing Land Use	Existing Land Use Area sqm	Proposed Land Use Code	Proposed Land Use Area sqm
		with associated car parking and landscaping. The Proposed Development involves the construction of a new purpose-built school to house the existing Russell Primary School with an expanded size from its existing one form entry (FE) provision to a one FE plus a shared FE (an additional four classrooms). The new school would also accommodate part of the existing Strathmore Special Educational Needs (SEN) School provision so that these schools are co-located. The existing nursery on the Russell School site would also be accommodated in the new school building.		Richmond TW10 7AH					
15/1359/FUL	Gain	Partial demolition of existing buildings. Refurbishment of existing Edwardian building fronting Clifden Road. Erection of three storey L shaped extension and two storey extension to existing Science Block with associated facilities to provide new accommodation for 1,260 primary and secondary pupils. Creation of new vehicular access from Station Road and creation of a new car park.
