

LICENSING ACT 2003 POOL CONDITIONS FOR LICENSED PREMISES ACTIVE CONDITIONS

To be used for applications under the Licensing Act 2003 for premises licenses and club premises certificates

Version 2

Last updated December 2024

This document gives details of those conditions that are relevant to the majority of premises licensed under the Licensing Act 2003.

'Pool Conditions For Licensed Premises All Conditions' contains a full list of conditions and includes

- Considerations for theatres, cinema, boxing and other activities taking place within a ring, and other sporting events
- Premises that operate over a number of separate rooms and levels
- Considerations for under 18 events and performances of children

Guiding principles

The 'pool conditions' should be used on licenses, where appropriate, for conditions drawn from an applicants operating schedule (proposed) and when drafting a committee report (imposed). However officers can, and will on occasion need to, amend the wording of the condition to suit the application.

Conditions imposed on a licence should be as far as possible:

- 1) Appropriate, necessary and proportionate;
- 2) Precise, clear and unambiguous;
- 3) Practical, realistic and enforceable;
- 4) Non-duplicative of existing statutory requirements or offences;
- 5) Self-contained;
- 6) Modern and fit for purpose;

Conditions

There are three types of conditions that may be attached to a premises licence (or club premises certificate)

- Mandatory
- Proposed
- Imposed

Mandatory

The "mandatory conditions" (including the "mandatory code") are automatically placed on a licence by process of law and so involves no exercise of discretion. They are recorded on the licence in Annex 1 depending on the licensable activities being requested. We do not replicate the mandatory conditions in full on the licence; we are not required by law to do so. We give an outline of the condition and where required we indicate where the condition and its appropriate guidance can be found in statute.

Proposed

Applicants will propose steps they intend to take to promote the licensing objectives within the operating schedule of their licence application form. If there are no relevant representations received in response to the application then the licence will be granted without the need for a hearing and the licensing authority's discretion is not *fully* engaged. Conditions that are consistent with steps proposed in the operating schedule will be attached to the licence by a licensing officer acting under delegated authority. These are recorded on the licence in Annex 2. These conditions will then form part of the premises licence that is issued.

It is not acceptable for licensing officers to simply replicate the wording from an applicants operating schedule. A condition should be interpreted and translated into a clear, precise and enforceable condition if it is possible to do so. If a step included within the operating schedule is clearly unnecessary or inappropriate to promote the licensing objectives, then it should not be added to the licence at all. An example of this would be a condition that is superseded by primary legislation.

Imposed

The licensing authority may not impose any conditions unless its discretion has been exercised following receipt of relevant representations and it is satisfied as a result of a hearing that it is appropriate to impose conditions to promote the licensing objectives. These conditions are recorded on the licence in Annex 3.

If parties agree to the amendment of the operating schedule and conditions are agreed, then these can be added to the licence in Annex 2. If this is the only representation outstanding then the licence would be granted without the need for a committee. However we cannot accept amendments where they change the application in a way that could have given reason for other parties to have raised representations. An example of this would be changing the application in relation to specific doors being used for entrance and egress which may give rise to noise complaints from local residents. Who live over or adjacent.

Plans of premises

The Licensing Act 2003 (Premises licences and club premises certificates) Regulations 2005 require plans to be submitted with an application for a premises licence or club premises certificate. The plans are required by the Regulations to contain prescribed information relating to the premises and the application being made.

The Regulations require the plans to form part of the premises licence or club premises certificate. The plans are required to show the areas of the premises used for licensable activities, and as such will define those areas for the purpose of the licence once issued. It provides the opportunity for specific arrangements to be conditioned within the licence where considered necessary for the promotion of the licensing objectives. Examples can be found within these conditions.

Mandatory Conditions - Premises Licenses

The Act provides for the following mandatory conditions to be included on every premises licence in the circumstances specified. Note:

4. All instances of crime or disorder are reported via the text/radio link by the designated premises supervisor or a responsible member of staff to an agreed police contact point.

Public Safety

It should be noted that conditions relating to public safety should be those which are necessary, in the particular circumstances of any individual premises or club premises, and should not duplicate other requirements of the law. Equally, the attachment of conditions to a premises licence or club premises certificate will not in any way relieve employers of the statutory duty to comply with the requirements of other legislation including the Health and Safety at Work etc. Act 1974, associated regulations and especially the requirements under the Management of Health and Safety at Work Regulations 1999 and the Regulatory Reform (Fire Safety) Order 2005 to undertake risk assessments. Employers should assess the risks, including risks from fire, and take measures necessary to avoid and control these risks. Conditions enforcing these arrangements are therefore unnecessary.

- PS2 **Accommodation Limit**
1. The maximum number of persons to be accommodated on the premises at any one time shall not exceed (*insert numbers*).
 2. The maximum number of persons to be accommodated in the (*specify area*) at any one time shall not exceed (*insert numbers*).
